

Italy Immunisations

Italy is a safe country to travel in with only 1 immunisation to consider.

- Tetanus spread through contamination of cuts, burns, and wounds with tetanus spores. Spores are found in soil worldwide. A total of 5 doses of tetanus vaccine are recommended for life in the UK. Boosters are usually recommended in a country or situation where the correct treatment of an injury may not be readily available. Recommended.

As always seek advice from your doctor before travel.
